Verification

Appendix to Platinum Award No. 2542, Report No. GRS2019-066528

One Important 8.07 ct Ruby

Very rare combination of size (over 8.07 ct), excellent color, excellent brilliancy, excellent clarity and well-balanced proportions.

Unheated rubies of this quality are scarce.

This vivid red Mozambique ruby is reminiscent in color saturation of "GRS-type pigeon blood ruby" (without strong fluorescence).
